Mount Hartman Bay Estate Grenada

Set into the hillside of a sheltered bay at the southern tip of Grenada, Mount Hartman Bay Estate is a Tracy Island come to life. The roof is covered in grass and cacti, internal waterfalls trickle through the house and it's only accessible via a private jetty or the helipad. The estate's villas are spread over a private peninsula, guarded by coral reefs. With freshly caught local fish on your plate and a rum in your hand, it's impossible not to relax.

From £1,050 per night. Enquiries: 020 7351 5006; www.mounthartmanbay.com
