MOUNT HARTMAN BAY ESTATE Grenada, West Indies

THE EXPERIENCE Mount Hartman Bay Estate sits on the end of a private promontory amid three acres of beautiful tropical gardens that spread as far as the grass and cactus-covered roof of the Main House. This is an extraordinarily restrained moniker for such a fantastic confection of bricks and mortar, built into the hillside with its own helipad and private jetty. It would be difficult to attribute any recognised architectural style to it; 'Tracy Island meets *The Flintstones*, via Gaudí and a Jane Asher cake-icing workshop' might just about cover it. But don't be fooled by the vegetation on the roof and vague memories of children's TV – this really is the zenith of grown-up luxury.

BLOW YOUR MIND The recently acquired, record-breaking Bladerunner 51 powerboat, capable of speeds of up to 70 knots (over 80mph), is for the exclusive use of guests. It even has an outdoor misting system – a sort of external air conditioning – to keep passengers cool when they're sitting in the cockpit in temperatures of 85 degrees.

TOP TREATS Spend your days enjoying the 27-metre infinity lap pool, complete with Jacuzzi and remote-controlled cooling mist vaporisers built into the retractable awning,

or lazing on the estate's private beach. Wakeboarding, a water-skiing boat and two sea scooters are provided for energetic guests; the more gentle in nature can enjoy snorkelling, fishing and day trips to nearby islands in a luxurious – and, for some, mercifully slower – motor cruiser.
